SOLAR SYSTEM FACT SHEET

You are going to complete a web-quest on a planet. You may choose any planet **except** Earth. To find the answers, go to "Ask Jeeves" or nasa.gov. These sites will have other links for you to use. If you don't finish in the allotted time, you will need to complete it for homework. If you need more room than given, use loose leaf.

Your planet: _____

1. How was your planet discovered? What does its' name mean?

2. How large is your planet (diameter) and how far is it from the sun?

3. What is the amount of time it takes to complete one year and one day on your planet?

4. Could you live on your planet? Why or why not?

5. What makes your planet a unique body in the solar system? (you should have more than 2 reasons)

Bonus: What is your age and weight on your planet?
