

## European & North African Theaters

Goal: Create a scale drawn map, which identifies the locations and detail of major battles.

1. Draft a map of Europe, North Africa, and the Middle East to scale using longitude and latitude lines on a full sized poster board
2. Label and shade each country (Axis – Red, Occupied territory – Purple, Allied – Blue) Neutral countries do not need to be labeled or the territory can be shaded yellow
3. Identify capital cities with a dot and label.
4. Identify battles with stars
5. On an index card, print a picture of the battle and write a brief description of the battle: who fought in it, how many people died, which side won
6. Attach the index card to the map and use a marker or yarn to connect the battle card with its location on the map
7. Prepare a Map Key

Map is mostly drawn to scale and acceptable proportions, borders are neat and defined	5	4	3	2	1
Countries are labeled and neatly shaded	5	4	3	2	1
Allied and Axis capital cities are in the correct location and neatly labeled	5	4	3	2	1
Battles are in correct location	5	4	3	2	1
Battles have a well written, detailed, accurate paragraph and image	5	4	3	2	1
The visual presentation is neat and well done, Key is correct and neat	5	4	3	2	1

## Pacific Theater

Goal: Create a scale drawn map, which identifies the locations and detail of major battles.

1. Draft a map of Asia, the Pacific Ocean (include major islands), and Australia to scale using longitude and latitude lines on a full sized poster board
2. Label and shade each country (Axis – Red, Occupied territory – Purple, Allied – Blue) Neutral countries do not need to be labeled or the territory can be shaded yellow
3. Identify capital cities with a dot and label.
4. Identify battles with stars
5. On an index card, print a picture of the battle and write a brief description of the battle: who fought in it, how many people died, which side won
6. Attach the index card to the map and use a marker or yarn to connect the battle card with its location on the map
7. Prepare a Map Key

Map is mostly drawn to scale and acceptable proportions, borders are neat and defined	5	4	3	2	1
Countries are labeled and neatly shaded	5	4	3	2	1
Allied and Axis capital cities are in the correct location and neatly labeled	5	4	3	2	1
Battles are in correct location	5	4	3	2	1
Battles have a well written, detailed, accurate paragraph and image	5	4	3	2	1
The visual presentation is neat and well done, Key is correct and neat	5	4	3	2	1

## Map of the Holocaust

Goal: Create a scale drawn map, which identifies the locations and descriptions of Holocaust events.

1. Draft a map of Europe to scale using longitude and latitude lines on a full sized poster board
2. Label and shade each country (Axis – Red, Occupied territory – Purple, Allied – Blue) Neutral countries do not need to be labeled or the territory can be shaded yellow
3. Identify capital cities with a dot and label.
4. Identify the locations of the camps
5. On an index card, print a picture of the camp, write a brief description, how many prisoners died, and its location
6. Attach the index card to the map and use a marker or yarn to connect the battle card with its location on the map
7. Prepare a Map Key

Map is mostly drawn to scale and acceptable proportions, borders are neat and defined	5	4	3	2	1
Countries are labeled and neatly shaded	5	4	3	2	1
Allied and Axis capital cities are in the correct location and neatly labeled	5	4	3	2	1
Battles are in correct location	5	4	3	2	1
Battles have a well written, detailed, accurate paragraph and image	5	4	3	2	1
The visual presentation is neat and well done, Key is correct and neat	5	4	3	2	1
